MyLodies

Website Based Rental Music Application

PBL IF-003

Welcome to MyLodies

MyLodies is more than a platform — it's a creative ally. We empower indie artists, festival organizers, and studio professionals with trusted tools, fast access, and peace of mind.

About The Application

This application streamlines the interaction between renters and providers (musical instrument owners on a single platform), enabling efficient searching and rental of instruments. Renters can find the instruments they need, check their availability, and communicate directly with us to arrange rental details.

Application Feature

- Tenant Registration
- Login/Logout
- Profile Management
- Edit profile
- User profile
- Musical Instrument Search

Application Feature

- View Instrument Details
- Musical Instrument Rental
- Cart
- Payment System
- Reviews and Ratings
- Search Results

Framework

Member Contributions

1. M. Falih Hilmy

Contributed to the design and implementation of both front-end and back-end components for the user profile, payment page, and rental history.

2. Bunga Citra Lestari Situmorang

Contributed to the design and development of front-end and back-end for the login, registration, and admin pages.

3. Birgita Anastasya Hutabarat

Contributed to the design and development of the front-end and back-end for the catalog, fine, and review pages.

4. Lidya Nur Raudhatul Janah Putri Rial

Contributed to the design and development of the front-end and back-end for the homepage, cart page, and footer.
